On 3 December 2019, we published our draft decision for the Minimum feed-in tariff review 2020-21. This draft decision paper asks stakeholders for their views on our proposed minimum feed-in tariff for 2020-21.

#### **1. What do you think of the proposed minimum feed-in tariff for 2020-21?**

It's bullshit!

Why keep trying to rip off people who pay to have solar installed because a few energy suppliers/retailers have a whinge.

The rate should be increasing not decreasing.
