Subject: [TRIM] ESC Compliance and Performance Reporting Guideline review

Good Afternoon [REDACTED],

Thank you for taking us through the ESC's proposed changes to the Compliance and Reporting Guideline Review last week. There were a number of people from Origin on the call, and I think our Compliance team members in particular appreciated your update.

We have a small piece of feedback which is outside the items listed in the PowerPoint, which is that the code in column Z of the breach report template appears to be broken. Our team advise me that they manually fix it - this might be an opportune moment to check over the template and make sure any automatically populating sections are working properly.

Kind regards,
