

MAIN REFERENCES

YEAR	PROJECT – SCOPE OF WORKS	LOCATION	TECHNOLOGY	POWER/CAPACITY
Ongoing	Grid ancillary services <i>Battery supply, complete EPC and future operation</i>	Balen, Belgium	Lithium Ion battery, EMS and Power Control System	25MW / 100MWh
Ongoing	Grid ancillary services <i>Battery supply, complete EPC and future operation</i>	Victoria, Australia	Lithium Ion battery, EMS and Power Control System	5 MW / 7,5 MWh
Ongoing	Self-consumption <i>Battery supply, complete EPC and future operation</i>	South Africa	Lithium Ion battery, EMS and Power Control System	300 kW / 1390 kWh
Ongoing	Microgrid in factory <i>Manufacture of battery and full installation</i>	Skhirat, Morocco	VRFB	250kW/500kWh
Ongoing	Grid ancillary service <i>Manufacture of battery + full wrap EPC contract</i>	Cheltenham, UK	Li-ion EMS and Power Control System	5MW/5MWh

MAIN REFERENCES

YEAR	PROJECT – SCOPE OF WORKS	CLIENT	LOCATION	TECHNOLOGY	POWER/CAPACITY
2021	Microgrid in factory <i>Manufacture of battery and full installation</i>	Technical University of Denmark	Roskilde, Denmark	VRFB	50kW/120kWh
2020	Grid ancilliary services <i>Full wrap EPC and O&M contract</i>	FRV	Dorset, UK	Lithium Ion battery	7,374 kW / 15000 kWh
2020	Storage in 10MW wind farm <i>Manufacture of battery and full installation</i>	Naturgy	Zamora, Spain	VRFB	250 kW / 625 kWh
2019	Micro grid in factory <i>Manufacture of battery and full installation</i>	E22	Valencia, Spain	Lead-acid	800 kW / 200 kWh
2018	Micro grid in factory <i>Manufacture of battery and full installation</i>	BHEL	Hyderaba, India	VRFB	50 kW / 200 kWh
2017	Storage in 43 MW PV plant <i>Manufacture of battery and full installation</i>	Vivo Power	North Carolina, USA	Lead – acid	800 kW / 200 kWh
