Dear Greg

WATER PLAN 2008/09 – 2012/13

Please find attached Lower Murray Water's Water Plan for the regulatory period 2008/09 – 2012/13.

The continued drought and low water allocations has meant LMW has made alterations to the exposure draft released at the end of July 2007. LMW will need to continue to monitor its expenditure and forecasts over the Water Review period. LMW will consult with the Essential Services Commission regarding changes to the submitted Water Plan.

The Corporation looks forward to the next step in the process.

Yours sincerely

RON J LEAMON
